 vitrage

The clear leader in glazed partitioning

*Tenon Vitrage offers visual simplicity while still maintaining the privacy of an individual office.*

**Tenon Vitrage** is a glazed partition system that combines function with the clear, aesthetic benefits of silicone glazing. Using a minimum number of aluminium framing sections, Vitrage provides an office divide that allows unhindered vision whilst maintaining the privacy of individual offices.

Using either 10mm or 12mm toughened glass, depending on the height of the partition, glazing is achieved with the use of standard Tenon crystal clear glazing gaskets that remove the need for use of silicone around the perimeter of the system. Vertical silicone joints maintain the visual simplicity of the product, whilst crystal clear plastic jointing sections may be used to provide dry joints between glass panels.

To maintain the open feel of the product, frameless doors are fitted within the system using floor pivots and patch fittings or floor springs if required. If standard timber veneered doors are required these are accommodated within the standard range of Tenon doorframe profiles, which are fully compatible with Vitrage sections.

*For more information or advice on this system's performance please contact the Tenon Technical Department.*

Where desired, or in order to comply with building regulations, fully glazed panels may have manifestation films applied to them. These can be used to simply highlight the presence of the partition, create individual designs or incorporate logos. Solid intermediate walls are constructed using standard components from the full range of Tenon joint and trim options.

Aluminium framing sections are available in a range of standard colours: -

RAL 5010 Gentian Blue  
RAL 5012 Light Blue  
RAL 6005 Moss Green  
RAL 7011 Iron Grey  
RAL 9005 Jet Black  
RAL 9006 Silver

RAL 9010 Pure White  
RAL 9016 Traffic White  
BS: 00 A 05 Light Grey  
BS 04 E 53 Geranium Red  
BS 08 B 15 Magnolia  
BS 08 B 29 Van Dyke Brown

BS4800 and RAL colours which are not included in the above list are also available, subject to additional cost. Please enquire about lead times on specific finish required.

*To complement Tenon Vitrage, a wide range of ironmongery and fittings are available in a variety of finishes.*
